Some Explanatory Notes
on the
Tauchnitz Edition.

I. Collection of British and American Authors.

OBJECT.

The object of the publishers of the Tauchnitz Edition (Collection of British and American Authors) was, and is, the publication by special arrangement with the author or his representative, of well printed editions of favourite works by British and American writers *for Continental Circulation*, at a price within the reach of all, and as far as possible simultaneously with their appearance in England or America.

DEVELOPMENT.

The history of the Tauchnitz Edition goes as far back as the year 1841, when the first volume was published.* The 500th, 1000th, and 2000th volumes were published respectively in 1860, 1869, and 1881. The collection contains to-day 3812 volumes, by 393 English and 48 American authors. The greater part of the series is devoted to Fiction, but it also contains a large number of works of a more serious character, such as History, Biography, Science, Philosophy, etc. etc. Vide page 238.

COPYRIGHT.

The Copyright Question in connexion with the Tauchnitz Edition is of peculiar interest, and, as many false ideas on this subject are common, the following short explanation will not be out of place.

* The Founder of the Tauchnitz Edition was the late Christian Bernhard Freiherr von Tauchnitz, who was born in 1816 and died in 1895.

Every work in the Tauchnitz Edition, from first to last, has been published by special agreement with the author or his representative. The only exceptions to this rule are the few volumes containing old classical writings—domaine public works—which, when included in the Tauchnitz series, were no longer copyright in any country, and for which therefore no agreement was either necessary or possible.

As no treaties existed in 1841 between Great Britain or the United States of America and Continental Countries protecting the rights of authors, the publishers of the Tauchnitz Editions of English works could at first obtain, by the agreements made with the authors, and by their voluntary payments to them, no legally protected right, but only the sanction and permission of the writers, thus stamping the works as the only *Authorized Edition* for the Continent. This acknowledgment of the authors' rights was at that time by no means required by Law; it was a voluntary act which laid the foundation-stone of the exceptionally friendly relations which have always existed between authors and the publishers of the Tauchnitz Edition. A few years later, various Continental States entered into copyright treaties with Great Britain—Prussia and Saxony in 1846, France in 1852, and successively nearly all European States—and the rights of authors were now safeguarded in such countries, while the Tauchnitz Edition became, instead of an Authorized Edition, a *Copyright Edition* protected by Law. Finally, the Berne Convention of 1886 assured copyright to authors in its fullest form over nearly all the civilised world.

Works by American authors published in the Tauchnitz Edition were, by the agreements made with the authors, the only Authorized Editions for the Continent till 1891, when by the Copyright Treaty with the United States of America, they too became Continental Copyright Editions.

At present, all works in the Tauchnitz Edition—both British and American—are not only Authorized Editions but also Copyright Editions protected by Law in all cases where their copyright has not expired by the lapse of time. The term of literary copyright varies in different countries; in England it is for the life of the author and 7 years, or 42 years from the date of publication (the longest term being chosen), in Germany life and 30 years, in France and Belgium life and 50 years, etc.

QUESTION OF IMPORTATION

1. Into England and her Colonies.

As the main object of the Tauchnitz Edition is to publish English works for sale on the Continent, and not for the English market, *the Continental Copyright only* is purchased by the publishers, and in the contracts with the authors it is specially stipulated that the volumes should *not be imported into England or her Colonies*. That this condition should be fulfilled is of great importance, and as regards the trade a sufficient guarantee is given by the control of the publishers and by the arrangements of the English Customs, by which any Tauchnitz volumes illegally imported may be confiscated. The publishers of the Tauchnitz Edition on their part hold rigorously by this condition, the non-fulfilment of which would be an infringement of the rights of the author, and it is earnestly requested of all private purchasers not to import the volumes into England or any British Colony. This request will be found repeated on the cover of each volume of this Collection.

There are, however, a number of works in the Tauchnitz Edition which may be legally imported into England or its Colonies:

a. Works the entire copyright of which has been acquired for the Tauchnitz Collection, as vols. 500, 1000, 2000.

b. Works the copyright of which had already expired when they were included in the Tauchnitz Edition. Such works are marked in this catalogue "dom. publ." = domaine public.

c. Works the copyright of which has expired since the time of their first appearance in the Tauchnitz Edition.

Private purchasers in England who should wish to acquire such works should apply to the home book-trade. A stock is always kept on hand by Messrs. Sampson Low, Marston & Co., Limited, London.

2. Into the United States of America.

The same prohibition not to import volumes of the Edition applies to the United States of America, with regard to works by American writers, and to volumes by English writers copyrighted

in the United States—i. e. the greater part of the works issued after 1891, in which year the copyright treaty with the United States of America was concluded. All other volumes are allowed to be imported into the United States.

M. Series for the Young.

Vide pages 228—231.

A Selection of works specially suited to youthful readers. These volumes are published under exactly the same conditions as the Collection of British and American authors, and the remarks as to copyright and importation made under that heading apply equally here.

III. Collection of German Authors.

Vide pages 232—237.

The object of this Series is to introduce sound and good translations of the more important German works to English readers. These volumes are copyright everywhere and may be imported into any country.

IV. Students' Series.

Vide pages 261—266.

Editions of suitable English and American works with German notes, special dictionaries, etc. prepared for schools and German students.

V. Tauchnitz Dictionaries and Manuals.

Vide pages 267/68.

Dictionaries have formed since 1839 an important branch of the Tauchnitz publications. They are constantly being carefully revised, re-written and enlarged, so that the copies on the market are always thoroughly up to date. The fact that of some of them several hundred thousand copies have been sold is sufficient evidence of their great popularity.

Recently in the United States of America spurious copies of some of these dictionaries, reproduced by a photographic process, have been thrown in large numbers on the market. The public is warned against these imitations, the sale of which would in Europe be entirely illegal.

DICTIONARY
OF THE
ENGLISH AND FRENCH LANGUAGES

BY W. JAMES AND A. MOLÉ

SIXTEENTH, ENTIRELY NEW AND MODERN EDITION

COMPLETELY REWRITTEN AND GREATLY ENLARGED

BY

LOUIS TOLHAUSEN

FORMER CONSUL-GENERAL OF FRANCE, OFFICIER DE LA LÉGION D'HONNEUR

AND

GEORGE PAYN

ASSISTED BY E. HEYMANN, OFFICIER D'ACADÉMIE.

Crown 8°, bound in cloth, Price M. 6,00 (6 s.; frs. 7,50).

Although the present work still bears the names of James and Molé, it has been, in point of fact, completely rewritten by the present editors, whose names as finished scholars of the two languages will be sufficient guarantee of the soundness and excellence of the new edition.

Among its more salient advantages are:

1. *The enlarged compass and size—1250 crown 8° pages of 3 columns (300 pages more than the original edition).*
2. *Inclusion of all phrases in general, and even in familiar use in both languages. Indication of obsolete and obsolescent words and phrases by means of an asterisk.*
3. *A new system of pronunciation of the words of both languages which stands unrivalled for clearness and comprehensibility. Key words will be found at the bottom of each page of the English-French part.*
4. *Careful arrangement of the work and selection of type, securing a maximum of clearness and easy reference.*
5. *A moveable book-mark, on which the lists of abbreviations and tables of pronunciation, given at the beginning of the volume, are repeated.*
